

ARTWORK / PROOF REPORT

Independent portfolio demonstration. Not print certification. No artwork has been sent to a printer.

This artwork is a PNG image with dimensions of 900×900 pixels, requested for print at 3.0 × 3.0 inches at 300 DPI. The file features a cream background with a dark green rounded rectangle containing white text. The preview resolution is insufficient to certify final print accuracy, colour reproduction, or confirm the embedded raster DPI. All pages (1 of 1) have been inspected. No alpha channel or margins are detected. Visual elements appear cleanly rendered, but low-resolution preview limitations prevent detailed print quality assessment.

Page 1 preview

Effective resolution

measured / info / measurement:page-1

300.0 DPI at 3 x 3 inches; demonstration target is 300 DPI.

Transparency

measured / info / measurement:page-1

No transparent pixels detected; background colour is not inferred.

Transparent margins

measured / info / measurement:page-1

Left/top/right/bottom pixel margins: [0, 0, 0, 0]. These are not certified bleed measurements.

Design layout within bounds

model-suggested / info / preview:page-1

Artwork consists of a cream background with a dark green rounded rectangle and white text. Visual composition appears centred with balanced margins and no obvious cut-off or clipping.

Low-resolution preview limitations

[model-suggested](#) / [info](#) / [preview:page-1](#)

Preview is downsampled and cannot certify actual print accuracy, colour reproduction fidelity, or verify the embedded raster DPI specification. Final print quality assessment requires production-level inspection.

No detected margins or transparency

[model-suggested](#) / [info](#) / [preview:page-1](#)

Measurement data confirms zero alpha margins on all sides and no transparency channel. Artwork is fully opaque and edge-to-edge, appropriate for the requested print size.
